

Creonox ERP – High-Ticket Sales Pitch (₹8–15 Lakh)

We help logistics companies eliminate Excel and WhatsApp dependency by providing a complete Enterprise ERP system that manages vehicles, drivers, trips, billing, deliveries, GPS tracking, and MIS in one secure dashboard. Our ERP reduces manual errors, improves profitability, and gives owners real-time visibility of operations. Typical results:

- 30–40% reduction in manual work
- Faster billing & collections
- Accurate profit tracking
- Real-time vehicle visibility

Our pricing ranges between ₹8–15 Lakhs depending on automation and customization requirements.
